Get Free Ultrasound Screenings at HUG Clinic

Wednesday, September 13, 2017

Throughout fall 2017, Healthcare United at GateWay Community College (HUG) is offering a variety of ultrasound screenings to ensure optimal health. HUG Clinics are open to the general public every Tuesday and Thursday from 9 a.m. to 2 p.m., and offer free appointments on a first-come, first-serve basis.

HUG Clinics provide a unique combination of physical therapy, ultrasound services, and respiratory therapy services to community members pro bono. At the clinic, GateWay students receive an integrated learning experience by working closely with professionals in complementary health care disciplines. Under the supervision of licensed, qualified instructors, students obtain hands-on experience by assisting patients in need.
